8. Review of Action Items

The Board requested that a meeting with RMA President be added to the Action list.

9. Committee Reports

a. AUMA Board Report – Mike Pashak:

- municipalities have expressed concern with the provincial Municipal Measurement Index (MMI). It will likely create additional work for municipalities as they have to respond to public questions and disinformation.
- AUMA has established a partnership with the University of Calgary to explore future municipal governance options. Regionalization will certainly be a discussion point. President Pashak expressed his disappointment at not being selected to participate on the Steering Committee for this project as Villages and Summer Villages are not represented on the committee.
- President's Summit will be on policing

b. Lake Stewardship / AIS – Marlene Walsh: Alberta Invasive Species Council will be hosting their AGM and Conference on March 15-19, 2021
